

ASSIGNMENT – 1 (Part A)

We are giving an ipynb code file named “**Assignment_1A.ipynb**” and “**data_file.txt**”.

Mount your google drive and upload the files there and copy the “**data_file.txt**” path and use it in the code.

Mounting

Copy Path

1. Download the file and complete the BUBBLE SORT code
2. Write the sorted array into a file named "B_SORT.txt".
3. Download the .ipynb file and upload on the following link.

File uploading naming convention is : RollNo_AS1A.
